

## **TESTGEAR**

1. Go to [www.eguidance.com](http://www.eguidance.com)
2. Click on Create a new portfolio – in the RED box at the top of the screen
3. Create your **Portfolio** – You must create an account to use TESTGEAR
  - a. Click on “Create a new Portfolio”
  - b. Enter site ID and Password

**SITE ID:** 10000559  
**PASSWORD:** century (case-sensitive)
4. Then enter all requested information.
  - Students should make note of their portfolio name and password and keep it in a secure location for future use!
  - Click on Create Your Portfolio
5. Click on TESTGEAR (arrow)
6. Click on “**Brain Scan**” – this is a 30 minute test (OPTIONAL)
  - a. Once you get to the next screen it will tell you that students can take the Brainscan or skip it
  - b. The advantage to taking the Brainscan is that it will create a “Smart Curriculum” that is individually tailored to your child’s strengths and weaknesses.
7. Click on “**Smart Curriculum**”
8. Use tabs at the top of the page to go to one of the following
  - 1- Your Entire Curriculum**

15 Units Total

    1. Tests- Full & Practice Tests (Math, Critical Reading and Writing practice tests)
    2. Practorials- test taking tips
    3. MicroCourses- Content items on tests
    4. Labs- vocabulary games
    - If you take the Brainscan- this section (Your Entire Curriculum) will vary depending on your results. Your curriculum will be unique to you, based on your Brainscan results.
    - Legend- Difficulty levels and Score ranges (once you’ve completed something)

## **2- Course Library**

-Gives you all the full tests & practice tests

## **3- Progress Report**

- Tells you what courses you have/have not taken yet
- Tells what your score was and the date taken for each test  
(only for tests you have completed)
