

AP Exam Schedule

AP exams are administered on a nationally coordinated schedule, outlined below. These dates and times are not negotiable.

The College Board *has* recognized some instances in which students can take an exam on a make-up date. Those rare instances include conflicts with other AP Exams and some circumstances considered completely outside of the student's control. If a student is interested in taking a late exam, it should be discussed with the AP Coordinator as soon as possible!

At this time, all exams will be administered at Century High School. Off-site testing is being considered due to space limitations at Century, but that discussion remains in the earliest stages of planning.
