

Dear Parents,

Your child is beginning an exciting research unit entitled "It's All Greek to Me" in which we will study Greek History, Culture, and Mythology in GT ILA. We will learn many lifetime skills as we dive deeply into the topic for most of the remainder of this year. There will be several projects which your child will complete, including:

- researching a topic of their choice relating to an aspect of our theme (like architecture, language, society, etc.)
- writing a persuasive research paper
- completing a book review
- creative writing
- finding out about a specific Greek Myth
- public speaking
- creating an original Myth

When each project is assigned, you will receive a detailed assignment sheet for your review and signature. (That sheet will be returned to your child after I see your signature.) Performance on these tasks will be shared with your child's ILA teacher. Of course, your questions and input are welcome throughout the unit.

Speaking of involvement, I would like to invite you to join us any time. I will relish your presence and support on days when we will be working on our research projects.

The children and I are excited about this topic and the many things we will learn and accomplish, and we're looking forward to your being a part of it! Thank you for your support and involvement.

Sincerely,

Alaina Haerbig,
G/T Specialist
LSE
