

# Help Support Our Community Service Project

It has become a tradition at Linton Springs that each November we do a school-wide service project to help Shepherd's Staff in Westminster at Thanksgiving. Shepherd's Staff provides a place to go and a wonderful meal for families in the community who would like to attend. As our contribution, the students at Linton make the treat bags that serve as table decorations and then as favors for all who attend.

If you would like to help with this project, please consider sending in a bag of **wrapped, hard candies**. Candies such as peppermints, butterscotch or cinnamon discs, Jolly Ranchers, and Life Savers are great for this project. Our students really look forward to this opportunity to serve others and Shepherd's Staff greatly appreciates all that our students do to contribute to their day of thanks and giving.

**Please tell your child to take any donations directly to Mrs. Lewis' office. Candy will be collected until the end of October.** There will be a large, labeled container where students can put the candy. Thank you again so very much!!
