

PTA Meetings & Minutes

General PTA meetings are informational and are used to vote on policies, budget and to communicate upcoming events, activities and programs. While only PTA members are able to vote on motions, you are welcome to join the PTA at any time throughout the year and participate. We will always have PTA memberships available for you to fill out at any meeting. All families are welcome and encouraged to attend.

Our Board and Committee meetings establish agendas for general meetings, review and manage the budget and policies, and cover details of operating the PTA. Please note, only board members can vote at board meetings, however any PTA member is welcome to attend.
