

Carroll County Student Government Association Platforms

Recycling:

Whereas recycling is a global responsibility to save the environment that will affect not only the current population but generations in years to come; and

Whereas the students of Carroll County Public School System are provided with recycling bins within their schools, but the program is not utilized to its full potential;

WHEREAS the Board of Education has no formal policy in place to make recycling a consistent program throughout the county;

BE IT HEREBY RESOLVED that the Carroll County Student Government Association supports a county-wide policy of recycling bins and conservation efforts.

School Lunches:

Whereas the lunches of the Carroll County Public Schools system are lacking in desirable taste quality for students; and

Whereas the prices of school lunches have been raised significantly; and

Whereas the rate of purchased lunches have recently dropped;

BE IT HEREBY RESOLVED that the Carroll County Student Government Association supports improvements within federal and state guidelines to the lunch program.

High School Scheduling:

Whereas the county currently has different scheduling throughout the high schools

And whereas consistency in the county scheduling will help to unify the school system

Be it hereby resolved that The Carroll County Student Government Association supports consistent scheduling throughout the county

Student Member on the Board Of Education:

Whereas Carroll County students elect the Student Member of the Board of Education, and whereas the Carroll County Student Government Association always has a keen sense of students' opinions, and whereas the Student Member of the Board of Education is an executive member of the Carroll County Student Government Association, and whereas students are those that are directly affected by the Board of Education's decisions, be it hereby resolved that the Carroll County Student Government Association takes a stand in favor of the Student Member of the Board of Education having full voting rights in the Board of Education's decisions.

Safety and Discipline:

Whereas public buildings are meant to be safe environments, and whereas safety and comfort are conducive to the learning environment, and whereas safety should always be promoted in a society be it hereby resolved that the Carroll County Student Government Association takes a stand to promote safety and harmony within the school system.
