

## **Should I Submit the Online or Paper Application?**

The online application is usually available on the college's website. With the online application, you can complete the entire form, usually including the essay, directly through the college or university's website. Because of the speed, efficiency and ease of use, the majority of applications are now completed online. The primary reason to fill out a paper application is to provide additional or unique information about yourself that you cannot fit into the online application template. This could mean AP scores, various awards, commendations or community service achievements.
