"I Use the Resource Center because..."

"The Resource Center is a proven time saver for teachers. Whether participating in a study group or preparing for professional development, there are plenty of educational resources, services, and supplies to assist busy teachers. The supportive staff helped me locate relevant books, ponied them to my school and offered to order supplemental books for the upcoming year." - Debbie Lemieux, teacher

"If you are considering your store as a 'convenience store' of ideas and resources, come to our Resource Center - the Super Wal-Mart of supplies, tools, and resources to spruce you and your teaching up to a higher level!" -Bruce Damasio, teacher
