

Building the Future

Carroll County Public Schools

Volunteer Program Handbook

Resources to build, strengthen,
and maintain meaningful partnerships

A Message from the Superintendent of Carroll County Public Schools

On behalf of Carroll County Public Schools, I would like to personally thank you for your support of our school system. Our success not only depends on our staff and students, but on our volunteers as well. Sharing your time, talent and interests with our students offers them an invaluable lesson in community involvement and provides role models that will influence them through the rest of their lives.

You will become an important part of a team whose responsibility is to meet the educational and emotional needs of our students. As a volunteer, you will assist teachers and students in their day-to-day activities and provide a valuable resource for our school system. Every employee appreciates your contributions as a school volunteer.

Volunteerism is an integrated part of our society that greatly benefits our students. Winston Churchill said, “We make a living by what we do, but we make a life by what we give.”

Thanks again for your efforts for our children.

Sincerely

Stephen H. Guthrie
Superintendent of Schools

Volunteer Program Standards & Definitions

The school system welcomes volunteers and encourages them to support student achievement through their service. During the school year, registered volunteers donate thousands of service hours to support educational endeavors. The valuable contribution of volunteers are recognized and appreciated by students and staff.

Volunteering is an acceptable reason to visit a school. It is important that such visits not interrupt instruction, distract students or staff, or interfere with students' right to privacy.

The partnership between the school system and those who volunteer promote standards of mutual respect and trust, individual talents and skills utilization, diversity acceptance, and a cooperative and friendly attitude.

A **volunteer** is a person who offers to the local school or Carroll County Public Schools his/her services without receipt of monetary compensation or student-learning hours (except students who serve as mentors, tutors, interns, or volunteer for consecutive school days).

Volunteers include, but are not limited to: classroom helpers, chaperones, tutors, mentors, club leaders, guest speakers, readers, and presenters.

Supervision of volunteers can occur in three different situations depending upon the activity:

1. **Direct Supervision** occurs when a CCPS staff member is overseeing or directing the activities of a volunteer at all times and is physically in the same area.
2. **Limited Supervision** occurs when a CCPS staff member is overseeing or directing the activities of a volunteer, but is not always physically in the same area.
3. **Unsupervised** volunteers are in an area where a CCPS staff member cannot easily access a restricted area.

Student Contact occurs when an activity brings a volunteer and the student together, with or without physical contact.

Becoming a Volunteer

Carroll County Public Schools welcomes volunteers and encourages them to support student achievement through their service. During the school year, registered volunteers donate thousands of service hours to support educational endeavors. The valuable contributions of volunteers are recognized and appreciated by our students and staff.

Types of Volunteers

There are three types of volunteers in Carroll County Public Schools:

- A. **Level I volunteers** are under direct supervisor of a CCPS staff member at all times. Examples of a Level I volunteer include guest speakers, presenters, and readers.
- B. **Level II volunteers** participate in activities under direct or limited supervision. There may also be times in which a Level II volunteer is unsupervised with students. Examples of a Level II volunteer include classroom helpers, tutors, chaperones, mentors, event ticket collectors, and concession operators.
- C. **Student volunteers** are students enrolled in Carroll County Public Schools, another public school system, a private school or non-public school, or students who are home-schooled. Student volunteers serve as mentors, tutors, and interns.

Annual Training

Volunteers are required to complete training each school year. Training eligibility will expire on the last day of the school year in which the training was completed. New training modules will be available online by July 1st each year.

- A. **Level I volunteer training** – please contact the event coordinator (e.g. the person who arranged your volunteer service).
- B. **Level II & Student volunteer training** – online training is accessible through:
<https://www.carrollk12.org/admin/hr/volunteer/Pages/default.aspx>
Once the online training is completed, the Volunteer Information Form will collect the information necessary for the screening process.

Volunteer Screening

The screening of all volunteers is important to ensure the safety of students, staff, and other volunteers. Requests to volunteer are delayed until the screening process is completed. Once the screening process is completed, volunteers will be emailed at the personal email address provided on the Volunteer Information Form to confirm their volunteer status.

All potential volunteers are expected to provide a true and accurate response to the Criminal History Statement on the Volunteer Information Form. Information collected on this form will be kept confidential. A record of conviction does not automatically exclude an individual from being considered for volunteer service. However, individuals who have not satisfied the specifics outlined by the court system (for example: probation) may experience a delay in their ability to volunteer.

All requests to volunteer are subject to a background check. Carroll County Public Schools reserves the right to reject any individual who willfully misrepresents information on his/her Volunteer Information Form.

Volunteering

Once approved, volunteers may begin their service with the students and staff of Carroll County Public Schools. Level II volunteer's registration information will be added to our Volunteer Database in preparation for when volunteer service begins.

Volunteer Registration

When arriving to the school, all volunteers will need to present a valid government issued photo identification. School personnel will provide the volunteer with a badge that should be displayed on the person for the duration of the volunteer service, and returned upon completion.

Level II volunteers will then need to log in to the Volunteer Tracking System to assure that service is properly tracked. Upon completion of the volunteer service, volunteers will need to log out of the Volunteer Tracking System and return the badge to school personnel.

Reasonable Attire

All volunteers, working in schools and/or with students who attend Carroll County Public Schools, are expected to dress in a manner that is appropriate for the setting.

Orderly Learning Environment

In an effort to support a school environment that is conducive to learning, volunteers shall refrain from bringing a child or children with them to the location where the adult is volunteering. This may include siblings of an enrolled child or an enrolled child who is not in attendance on a given day.

Additionally, volunteers should refrain from interrupting the learning environment. Volunteers are asked to stay within their assigned volunteer area.

Acceptable Volunteer Behavior

Volunteers are role models for students and should be mindful of and respect school system and school-based policies and procedures. If a concern does arise, the volunteer should make an appointment with the building level administrator to discuss his/her concerns. Acceptable volunteer behaviors include:

- Abiding by CCPS and school policies/directions from school personnel.
- Addressing concerns in an appropriate manner with building level administrators.
- Supporting an orderly learning environment.
- Using appropriate language with staff, students, other volunteers, and visitors.
- Engaging appropriately with staff, students, other volunteers, and visitors.
- Demonstrating the ability to fulfill assigned volunteer responsibilities.

Carroll County Public Schools will not tolerate unreasonable or unacceptable behavior, bullying, harassment, intimidation, discrimination, or hazing by volunteers toward students, employees, bus drivers, bus assistants, other volunteers, and/or visitors. Volunteers who demonstrate these unacceptable behaviors will find that their actions will result in a change in their volunteer status.

Serious Threats and Violent Acts

A serious threat of violence is a verbal or nonverbal declaration of intent to inflict significant injury to persons or damage to property with the perceived intent to carry through on the threat. Serious threats of violence against any individual in the Carroll County Public Schools community will not be tolerated.

Violent acts committed against another individual on Carroll County Board of Education owned or leased property, on a school or coach bus, or at any school system sponsored related trip or activity will be handled as illegal actions.

Serious threats and violent acts will result in a change of volunteer status.

Weapons and Firearms

Ensuring a safe school environment for students, staff, volunteers, and visitors is a responsibility of all involved. Any volunteer with knowledge of the presence of a weapon on school property or at school-related events should report the incident to school-based administrative staff as soon as possible.

Maryland Law prohibits possession of a firearm, knife, or deadly weapon on school property by individuals other than law enforcement officers. Please remember parking lots are also part of school property and covered under the provisions of this law.

Volunteer Responsibilities

Volunteers are expected to:

Maintain the Confidentiality of Student Information

Student information is protected by the Family Educational Rights and Privacy Act (FERPA) as well as through state regulations. Confidentiality refers to the obligation not to disclose or share student information with unauthorized parties. Student records are identified as confidential, and must be treated in accordance with federal law and state regulations. All CCPS employees and volunteers are held accountable to maintain this level of student privacy.

CCPS personnel may share confidential student information with volunteers on a need-to-know basis. Volunteers are required by law to protect the confidentiality of all student information. At no time is it appropriate to share student information through social media platforms.

Volunteers should:

- Only discuss confidential student information with CCPS personnel.
- Not be allowed access to student records.
- Not be asked by staff to evaluate student work, record student grades, or analyze individual student data.

Volunteers must refrain from:

- Sharing student information with non-CCPS personnel.
- Following a student and/or conversation to another school setting.
- Using a portable electronic device or social media platform to share student information or school-related matters.

If a volunteer feels that a student's right to privacy has been violated, the concern should be brought to the attention of the school-based administrator.

Engage in Appropriate Student Relationships

The relationship between students of any age and an employee in any position with Carroll County Public Schools is to be one of a professional nature at all times. Volunteers are expected to regard relationships with students in the same professional manner as school system employees.

The following behaviors directed toward students enrolled in Carroll County Public Schools will not be tolerated:

- Child abuse, sexual abuse, or mental injury
- Sexual harassment
- Personal or intimate reference to self or others
- Intimate or inappropriate gifts
- Communications of an intimate or non-professional nature
- Meeting a student for non-professional reasons
- Dating and sexual relations
- Condoning or participating with students committing illegal acts or acts in violation of school rules
- Initiating, encouraging, or engaging in obscene or pornographic discussions or displays with students
- Participation in the transfer, or attempted transfer, of alcohol or drugs to a student with or without the exchange of money or other valuables

Report Child Abuse and Neglect

Child abuse and child neglect are illegal. Volunteers are required by law to report suspected abuse or neglect. A report must be made if there is 'reason to believe' that abuse or neglect possibly occurred, and should be reported without further investigation, interrogation, or other verification of the allegation.

Volunteers who have reason to believe that abuse or neglect has occurred, should request assistance from a school-based administrator or member of the school's Guidance/Counseling staff to complete a required written report. CCPS staff will then assist the volunteer with the steps required to contact the Carroll County Department of Social Services, Protective Services, at 410-386-3434 to complete the oral report.

Maintain a Smoke and Drug-Free Workplace

The use of tobacco products and electronic cigarettes, in any form, is prohibited in or on Board of Education owned or leased facilities and properties at all times. Volunteers should refrain from bringing or using tobacco products, electronic cigarettes, alcohol, inhalants, or illegal drugs on or within school property, school or coach buses, or at school-related activities and events.

If a volunteer must have ready access to his/her prescription or over-the-counter medication, such items should be placed in a secure location to avoid access and exposure to students.

Refrain From the Use of Portable Electronic Devices

Portable electronic devices should only be used in an emergency situation during volunteer service. Volunteers are asked to turn off the audible notification on portable electronic devices when visiting a school, supervising students, participating in an activity with students, or chaperoning a field trip or class activity. Volunteers should refrain from electronically communicating with students.

Additionally, volunteers should refrain from photographing, videotaping, and audiotaping students or student activities. Volunteers should not post or send student photographs or images through social media, the internet, etc. Not all parents grant CCPS permission to allow their child's voice to be reproduced or to have his/her image appear in such things as a video, a photograph, or social media websites.

Adhere to Standard Health Precautions

The likelihood of exposure to blood borne pathogens in a school is minimal. Blood borne pathogens include the organisms that cause HIV, Hepatitis B, and Hepatitis C. If assisting a staff or student with an injury, remember to put a protective barrier between yourself and the blood, bodily fluid, or body tissues that may be present from the injury.

Any direct contact with blood, bodily fluids, or body tissues should result in immediately washing the exposed area, and reporting the exposure to the school nurse and school-based administrator.

Any injury to a student, staff member, or volunteer should be reported immediately to the school nurse and school-based administrator.

Respect Allergies and Sensitivities

Increases in food allergies and sensitivities can have serious health implications. As a result, food may not be brought to school or school-related events and activities to share. The sharing of food items is prohibited.

Simply restricting consumption may not be enough for some individuals. Any contact with an 'unsafe' food, cross-contamination, and hidden trace ingredients can also pose a serious health implication for some students or staff members. Volunteers should also refrain from purchasing any food and/or beverages for students when chaperoning student activities.

Additionally, please limit the use of perfumes, colognes, and lotions when volunteering. These items can also be known to cause allergic and sensitivity reactions for some individuals.

Field Trips

Field trip chaperones are selected by school personnel. Chaperones must meet the following requirements:

- Be at least 18 years of age
- Have an approved volunteer status
- Comply with all CCPS policies and school procedures
- Demonstrate standards of acceptable behavior prior to and throughout the entire trip or activity

Chaperones are expected to supervise student behavior and activities during the course of the trip/activity. This responsibility includes oversight of the health and safety of the students assigned to your group.

Only students, staff, and volunteers who have been approved to attend the trip and travel with the group to the activity are eligible to participate in the activity. Individuals who might be present at the activity location, but were not approved or selected to serve as a chaperone may not 'shadow' the group or participate in the scheduled activities. Students are to stay in their assigned groups unless there is an emergency that requires students to disperse from their assigned groups. Additionally, there must be at least one (1) staff member and one (1) chaperone on each bus or unit of transportation. Chaperones should display proper bus riding procedures and encourage the same behavior from students.

Overnight Trips/Activities

Volunteers with an approved volunteer status, who have been selected as chaperones for overnight trips/activities, are subject to a background check in addition to the annual volunteer training.

Background check applications must be submitted to the County Volunteer Program Coordinator at least 30 days prior to the scheduled trip/activity. Background check reports are only valid for 30 days from the date of the current trip/activity.
