**CARROLL COUNTY PUBLIC SCHOOLS  
ADMINISTRATIVE REGULATIONS**

**BOARD POLICY BDFC: ADVISORY COMMITTEE ON PUBLIC SCHOOL HEALTH  
MATTERS**

---

1. Regulation

1. The School Health Council shall be co-chaired by a representative of Carroll County Public Schools and the Carroll County Health Department.
2. The general body shall consist of members of community agencies and private citizens who have an interest in promoting comprehensive school health programs.
3. The School Health Council shall advocate for comprehensive school health programs, that include health education, health services, nutrition, safe learning environment, physical education, guidance, and school site health promotion for staff. This shall be accomplished through an integration of school and community effort.
4. The School Health Council shall address any problems brought to the Council by Carroll County agencies or citizens that pertain to the comprehensive school health program. The council will report the results of their findings to the appropriate agency/person, and advocate for methods to address the concern.
5. The School Health Council shall present a summary of the Council reports and recommendations to the Superintendent of Carroll County Schools, the Carroll County Board of Education and the Carroll County Health Department on an annual basis.
