

Student Relocation: Students Relocated or Retained based on Boundary Drawings

The following tables present the number and percent of students that remain at their 2014 school or are redistricted from their current 2014 school to the Option 1 School based on the newly drawn boundary. To read the table look at the 2014 school in bold and then the indented (Option 1 or Option 2) school names below to see the number and percent of students at their Option 1 School. For example, Carrolltowne has 505 students in the 2014 boundary and 505 or 100% of those student continue to attend Carrolltowne in the Option 1 boundary. For Charles Carroll, 297 students are in the 2014 boundary and 162 (54.55%) would attend Ebb Valley, 76 (25.59%) would attend Runnymede, 33 (11.11%) would attend Taneytown, and 26 (8.75%) would attend William Winchester in the Option 1 boundary.

Data Note: Student Counts less than 5 may be actual numbers or may be attributed to data errors. Detailed boundary drawings will resolve these if a plan is selected for implementation.
