Name	By (mouth, injection, etc)	Dose	Time of Day
_____	_____	_____	_____
_____	_____	_____	_____

Please list any known medication side effects that may affect your child's learning and/or behavior:

If a medication is to be given at school, a medication authorization form must be completed yearly. A prescribing health professional may authorize self-administration of medication if the student is deemed capable. The medication must be in the original labeled container. When you get the prescription filled, please ask the pharmacist to put it into two containers so the student will have one for school and one for home use.

In an acute emergency, the student will be transported by paramedics to the hospital. Transportation in a non-acute situation is the responsibility of the parent/guardian. Any charges incurred are the responsibility of the parent/guardian.

Has your child received diabetes education? by health care provider at support group at camp other

Please add anything else that you would like school personnel to know about your child's diabetes (or related health conditions). _____

Information was provided by _____
