

# Updated Hampstead Elementary Virtual Schedules

## Virtual Schedule Changes

Adjustments have been made to all grade levels' schedules. LUNCH and RECESS have been changed in order to offer as close to a unified block of time for these two activities across all grade levels. Please take a moment to find your child's schedule in order to identify the time changes made. Thank you.

## Reminders:

Remember this is only an outline of the day and try to be flexible as minor changes may come about.

Students in Special Programs will follow their grade level schedule as best as they can, however, the teachers will have flexibility in these classes as they need to accommodate services and additional needs.

Synchronous instruction refers to virtual live instruction by teachers and staff.
