

Course Information Night
For Current 9th – 11th Grade Students & Parents
January 13, 4 – 7 pm

Purpose:

This virtual evening is designed to give 9th – 11th grade parents and students information about the scheduling process. Each department will present information about the scope and sequence of courses within their department. Additionally, each department will host a “drop in” session all evening long where parents or students can join to ask more individualized questions.

Please note: These sessions will be recorded and will be posted in the Counseling Google Classrooms. We will not be doing traditional scheduling nights as in years past.

Students that attend a session at each time slot will be given clues so that they can enter a drawing for prizes!

Sessions

4pm – 4:30 pm Course Selection Process, Information from School Counseling Office
<https://meet.google.com/qab-qoft-pdz>

4:30 pm - 5:00 pm Choose from one of these optional sessions:
