## **American Education Week:**

### **Tuesday November 17 – Parents Day**

On this day, schools across the nation would normally invite parents into the classroom to experience what the day is like for their child. This year, it's not feasible to have parents physically in schools. National Invite Parents to School Day represents NEA's vision of calling upon all Americans to do their part in making public schools great for every child so that they can grow and achieve in the 21st century.
