American Education Week

Wednesday, November 18: Education Support Professionals Day

Education Support Professionals Day was first celebrated in 1987 after NEA's Representative Assembly, the Association's decision-making body of nearly 8,000 member delegates, called on the organization to honor the contributions of all school support staff. National ESP Day is observed on Wednesday of American Education Week.

This year we have seen ESPs go well beyond anything we have seen before as they work to meet the needs of our school communities in the midst of a pandemic. On ESP Day, join us to honor and advocate for the ESPs who continue keeping students safe, healthy, and ready to learn.

ATTENTION: Westminster High School Sophomores - HOBY Leadership Conference

The Counseling Office would like to invite you to participate in the 2021 Hugh O'Brian Youth (HOBY) Leadership Conference. The seminar will take place June 10-13, 2021. The decision is being made whether the seminar will be held virtually or in person at Towson University. HOBY is the premier youth leadership program for high school students. The program encourages students to engage within their communities to help motivate and empower change for the greater good.

To be considered as a candidate for this conference, students will need to submit an essay of 150 words or less on the most rewarding and challenging aspects of being a leader in their school and community. This essay will be reviewed by a committee of WHS staff who will select ONE student and ONE alternate to represent Westminster High School.

Please return your essay to the Counseling Office by Monday, November 30th. Submissions may be e-mailed to Ms. Laurie Krom at lakrom@carrollk12.org or dropped off to the Visitor Management Booth in an envelope marked with your name and grade.
