From the Counseling Office:

SCHOLARSHIP OPPORTUNITIES!!!

The AFCEA Central Maryland Chapter (AFCEA-CMD) is a non-profit membership association that focuses primarily on enabling the intelligence missions of today and tomorrow through education and investment in talented people. This goal is accomplished by supporting the education of future leaders in Science, Technology, Engineering and Mathematics (STEM). Each year, the association awards over \$200,000 to qualified students and teachers through scholarships, endowments, and grants.

Seniors who plan to pursue a STEM education are encouraged to review the various scholarship opportunities offered by AFCEA. Application links are available on the WHS Counseling website under Scholarship Information. The deadline to apply is December 18, 2020.
