

Dear Parents/Guardians,

As we prepare to have students return to schools in a hybrid model, we wanted to inform you of a few things about how attendance will work moving forward.

Students Choosing Virtual:

- If you elect to have your child continue with enhanced virtual instruction, your child will continue accounting for their daily attendance by submitting the daily attendance question in Google Classroom as they have been doing since the start of the school year.

Students Choosing Hybrid:

- If you elect to have your child attend hybrid instruction their attendance will be accounted for at the school on days that they attend (e.g. Cohort A will be accounted for by teachers in the school on Monday and Tuesday).
- On days where your child is not attending in person (e.g. Cohort A students will be participating in enhanced virtual instruction on Wednesday, Thursday, and Friday), your child will continue accounting for their daily attendance by submitting the daily attendance question in Google Classroom as they have been doing since the start of the school year.

Wednesday- All of CCPS:

- All students will be participating in enhanced virtual instruction. Your child will continue accounting for their daily attendance by submitting the daily attendance question in Google Classroom as they have been doing since the start of the school year.

What if my child's class or school is closed due to a COVID related matter?

- Students impacted by the closure of their classroom or school will be participating in enhanced virtual instruction. Your child will continue accounting for their daily attendance by submitting the daily attendance question in Google Classroom as they have been doing since the start of the school year.

What if my child is sick, in isolation or quarantine?

- Students always have the option to participate in enhanced virtual instruction and would account for their daily attendance by submitting the daily attendance question in Google Classroom as they have been doing since the start of the school year. If your child is unable to engage in the enhanced virtual instruction, please notify your school so that they can account for the absence.

Thank you for your flexibility as we transition into this new model. Should you have questions on concerns, please reach out to your child's school.
